DESCRIPTION
The Georgia Institute of Technology's School of Architecture invites applications for the NEXT Generation Visiting Fellowship position for the 2017-18 academic year. This is a two-year, full-time appointment beginning Fall 2017, with a review and evaluation after the first year.

TITLE
NEXT Generation Visiting Fellow in Architecture

RESPONSIBILITIES
The School of Architecture (SoA) seeks candidates for the NEXT Generation Visiting Fellowship program. The NEXT Fellows is a new initiative in the SoA intended to attract candidates who are at the beginning of their careers and interested in interdisciplinary teaching and research that merges design, technology, and culture. Fellows will be expected to teach design studios and workshops at both the undergraduate and graduate level and participate actively in the life of the School. The workshops can be used to assist the Fellow in his/her own directed research that will result in a public exhibition and lecture at the School. NEXT Fellows will be given an unparalleled opportunity to advance their own individual interests through teaching and design research utilizing the full resources of the College of Design including our Digital Fabrication & Robotics Laboratory that houses a suite of industrial-scale CNC equipment. Fellows will be encouraged to conduct interdisciplinary work with junior faculty from other schools within the College of Design and across campus, including computing, engineering, and science, and will be given support in making these connections. Fellows will also have the opportunity to work with SoA research faculty and Ph.D. students on projects of common interest.

QUALIFICATIONS
Candidates must have a terminal degree of a Master of Architecture or greater.

SALARY
Salary is competitive and commensurate with experience and qualifications. Each Fellow also receives a stipend to be used to support research-related expenses.

SCHOOL OF ARCHITECTURE
The School of Architecture is one of five schools in the College of Design. Other schools include Building Construction, City and Regional Planning, Industrial Design, and Music. The SoA offers Bachelor’s, Master’s and Ph.D. degrees in Architecture, along with specialized M.S. degrees in Digital Design and Fabrication, High Performance Buildings, and Design and Health.

GEORGIA TECH
The Georgia Institute of Technology is a leading research university committed to improving the human condition through advanced science and technology. As a leading technological university, Georgia Tech has more than 100 centers focused on interdisciplinary research that consistently contribute vital research and innovation to American government, industry, and business. Georgia Tech’s campus occupies 330 acres in the heart of the lively, progressive city of Atlanta, where more than 25,000 undergraduate and graduate students receive a focused, technologically based education.

APPLICATION
Letter of interest, curriculum vita, teaching interest statement (1 p. max), research statement (2 pp. max), portfolio of creative work (20 pp. max), and names and contact information for three references are required.

SEND MATERIALS TO
Application materials are accepted electronically. Please email a single PDF document of the application to archfellows2016@t-square.gatech.edu. Review of applications will begin November 15, 2016, and continue until the position is filled.
MORE INFORMATION  Please refer to www.arch.gatech.edu or contact Grace Garrett at grace.garrett@design.gatech.edu.
